- H1 MountingHole
- H2 Not Included in PCB (no space)
- H3 MountingHole
- H4 MountingHole
- H4 MountingHole

ADC1\_CH4 = IO4  
 Just offered like Touch Point TP1

IMPORTANT: This PCB does not have UART Chip.  
 USB just connects to the IOs specified in C3-mini datasheet for USB\_D- (18) and USB\_D+ (19)  
 TOUCH\_INT IO8 needs to be pulled-high during boot to enter download mode and be able to program the MCU
